

Summit Autism Center Celebrates 10 Years!

Saturday, September 27, 2014, 10am-12pm
Roswell, GA

Summit Autism Center, an accredited year-round day school and clinic that specializes in individualized curricula for children with autism and related disabilities, is celebrating 10 years serving the greater Atlanta community with an anniversary celebration on Saturday, September 27 at their Roswell Campus at 1000 Holcomb Woods Parkway, Suite 440. Activities will include moonwalks, train rides, fire truck, games, face painting, snow cones and more.

“We created this school to address the needs of an underserved population of children with autism. We implement individualized programming to increase communication skills, academics and adaptive behavior skills,” says Jennifer Mitchell and Shauna Courtney, the Directors of Summit Autism Center.

Summit provides scientifically based treatment based on the science of Applied Behavior Analysis (ABA) utilizing B.F. Skinner’s research in Verbal Behavior (ABA/VB) that is not otherwise available in the state of Georgia.
